1 BELT LEATHERING**

\$80.00

There is an additional charge if the belt does not have the binding stitch or needs to be folded.

Description of the design _____

2 SIZE: Pant size AND Belt size

TO DETERMINE YOUR BELT SIZE

PLEASE READ CAREFULLY!

The most accurate measurement is measuring a belt from the tip of the buckle (including the buckle) to the hole most worn. Pant size plus 2" will also equal the BELT size. EXAMPLE: 36 pants + 2" = 38" BELT. Stitch 4" less than BELT size to allow for leathering. EXAMPLE: 38" BELT - 4" = 34" of needlepoint is needed. 1 1/2" of needlepoint on each end will be covered with leather. Position initials or design inside

If you want to fasten in the middle hole- you must measure from the tip of the buckle to the hole most worn
